

**ALL INDIA INSTITUTE OF MEDICAL SCIENCES
NEW DELHI**

**AIIMS MASTERPLAN
Survey for assessment of requirements (SAR)**

This survey is being carried out as a part of assessment of needs in the redevelopment of AIIMS as a world-class medical university. While it would be preferred that a single, comprehensive document is prepared by Departments/ divisions and facilities within the institute, individuals and organizations within AIIMS are also welcome to suggest their needs and vision for the institute through this survey.

The document should anticipate the space and infrastructure requirements over the next 20-30 years. It should be built on a comprehensive vision and not simply a reflection of patient-care needs. Data regarding manpower and staff is not to be provided in this document. It is anticipated that this form may not be sufficiently appropriate for each specialty and has been made to harmonize data collection.

It may be noted that this survey is simply a document to assess perceived infrastructure needs and is not a formal submission of demands or acceptance thereof.

**The completed document may kindly be submitted electronically (WORD or EXCEL sheet) to the email address:
aiismasterplan@gmail.com**

By 10th November 2019

Name of Department/Division/Facility/Organization/Person:	
Information relates to:	
Contact Phone Number:	
Contact email address:	

SN	Facility	Present available (including approved)	Future requirement (Total, not additional)	Short justification**
A:	PATIENT CARE
