Dear Prof. Guleria,

The Government of Brunei Darussalam has sought my assistance in sourcing 17 categories of specialist/doctors from India for the positions of medical officers, senior medical officers and consultants/specialists. They have sent the relevant documentations necessary for completion of the recruitment process. A copy of the same is enclosed with this message.

I request you to kindly have the same circulated amongst your members and associate institutions so that those interested could apply for the various positions on offer.

An acknowledgment of the receipt of this letter may also be sent for Mission's information and record.

Warm regards.

(Ajaneesh Kumar)

Background

The Sultanate of Brunei Darussalam is a peaceful country situated at the northwest coast of Borneo Island between Sabah and Sarawak. With a land area of 5,756 sq km, the Sultanate is divided into four districts: Brunei Muara (which includes the Capital Bandar Seri Begawan), Tutong, Kuala Belait and Temburong. The total population is close to 500,000.

Job Opportunities

The Ministry of Health Brunei Darussalam is currently recruiting experienced enthusiastic doctors to be part of its team. The main tertiary hospital situated in the Capital is a teaching hospital affiliated to Universiti Brunei Darussalam and is recognised as one of the centres for The Royal Colleges of the United Kingdom for professional examinations. Expats doctors will have the opportunity to undertake on-the-job training with highly experienced and internationally qualified Consultants to be involved with the team in developing and enhancing our services.

Benefits

The country does not currently levy any income tax on individuals and there is no sales tax or value added tax (VAT) or social security taxes.

Doctors working in Contract Posts will enjoy benefits such as:

- Bonus
- Allowances
- Gratuity at completion of contract
- Air passage at beginning, mid and end of contract including for wife and up to 4 children below 18 years of age
- Subsidized housing
