**Ansari Nagar, New Delhi-110029**

F. No.40-30/2022-Estt.-I(DO)

Dated: 18<sup>th</sup> April, 2023

**OFFICE MEMORANDUM**

**Subject: Decongestion and Shifting of Dr. BRA IRCH outdoor functions.**

It has been observed that Dr. BRA IRCH is collecting blood samples in outdoor sheds with patients standing on the roadside. This is not only leading to traffic congestion but also causing severe inconvenience to the patients.

The temporary space, already vacated by Pulmonary Medicine Registration Counters located next to the DOTS, which is well suited for the above purpose, has been identified. This consists of-

1. Patent Waiting Lobby Area (presently unoccupied).
2. Two empty rooms with windows, next to the lobby (presently occupied by condemned items).

The Superintending Engineer, AIIMS is directed to take a round with Prof. Mahesh R, Additional MS, Dr. BRAIRCH, and demarcate the necessary area and make suitable renovations for shifting of Dr. BRAIRCH blood sample collection to this location on an urgent basis. The DOTS and other labs of Pulmonary Medicine are to continue as presently, with entry from the other side. Chief, Dr. BRAIRCH is requested to make the necessary arrangements at the earliest. Bus transport of day care patients to the NCI Jhajjar to be sent henceforth from the bus stand outside C2/31 for further decongestion of Dr. BRAIRCH.

The engineering section is to carry out the required modifications before 01<sup>st</sup> May, 2023.
