**Warranty:** The equipment is warranted against defective material and workmanship and under normal conditions only. Warranty is not extended to consumables. Normal conditions do not include damage due to breakage or improper electrical supply or misuse (i.e. AEROBE shall not be liable to extend the warranty in case of instructions for use as given by AEROBE Service Engineers during Commissioning and Demonstration are not followed strictly and decision on this regard made by AEROBE authorized personnel shall be full and final.)

**Practical aspects of handling warranty cases:** In case of malfunctions or suspected defects in the hardware, the Customer must contact the AEROBE with a description of the problem. AEROBE will first attempt to pinpoint and resolve the source of the defect via remote trouble-shooting (email, phone). If the problem cannot be resolved via remote trouble-shooting, AEROBE will decide on a resolution strategy, which may include shipping of spare part(s), return of defective equipment for repair, shipping of (temporary) replacement or a site visit by AEROBE service personnel
