PROPRIETARY CERTIFICATE FOR ZEISS EYEMAG LOUPE & EYEMAG LIGHT II- DENTISTRY

Dear Sir,

We hereby certify that the ZEISS EYEMAG LOUPES including its full range of options and accessories is a proprietary product of Carl Zeiss Meditec AG, Germany and that EYEMAG LIGHT II Systems is a proprietary product of SCHOTT AG, Germany that is exclusively distributed by Carl Zeiss Meditec AG, Germany.

ZEISS EyeMag Smart Loupe

With 2.5x magnification, ZEISS EyeMag Smart medical loupes provide images with good color rendition of anatomical structures. The large field of view and good depth of field allow easy visualization of the entire treatment area. When magnification is not needed, the loupe can simply be flipped up, offering the wearer an unobstructed view.

Available in an elegant, lightweight titanium or sports frame, ZEISS EyeMag Smart medical loupes feature a range of settings for flexible tilt and angle views and a comfortable, ergonomic fit. Quick and easy to adjust, the medical loupe settings remain stable. The result: the ZEISS EyeMag Smart is a good choice for users requiring a compact and easy-to-operate medical loupe.

1. **High quality optics**
2. **Full Anti-reflection lens protection**

3. **Adjustment of eyepiece tilt** – Fast adjustment to any desired viewing angle even in extreme treatment positions.
4. **Lens protection device** – Shield the objective lens against tissue debris for increased protection. Features high –quality, scratch-proof ZEISS anti-reflective coating.
5. **Setting the interpupillary distance (PD)** – Fast binocular setting of your personal PD.
6. **Titanium eyeglass frame** – Neutral lenses that protect against splashes and particles. Prescription lenses can be integrated at any time. Side shields can also be attached.
7. **Soft Nose Bridge** – Comfortable fit and maximum wearing comfort.
8. **Optics mount** – Easy attachment and removal of the optics.
9. **Flip-up Function** – Unobstructed vision and eye contact with your patients with a single adjustment.
10. **Telescopic rail** – Position the eyepieces in second with a single adjustment.

ZEISS EyeMag Pro F Loupe

Experienced users with higher magnification needs will appreciate the advanced visualization capabilities of the ZEISS EyeMag Pro. Available in various magnification levels (3.2x–5x), ZEISS EyeMag Pro medical loupes provide high-contrast stereoscopic images with edge-to-edge sharpness for detail recognition and differentiation. When magnification is not needed, the loupe can simply be flipped up. Fitted in either a lightweight titanium eyeglass frame (ZEISS EyeMag Pro F) or with a headband (ZEISS EyeMag Pro S), the medical loupes offer settings for a wide range of tilt and angle views while supporting a comfortable, ergonomic working position. Settings are quick and easy to adjust and remain stable at all times.

1. **High quality optics**
2. **Lens protection device** – Shield the objective lens against tissue debris for increased protection. Features high –quality, scratch-proof ZEISS anti-reflective coating.
3. **Folding bridge** – Fast and intuitive adjustment of the PD.
4. **Clamping mechanism** – Optimally set the height and tilt of the optics.
5. **High-quality surface** – Resistant to standard disinfectants.
6. **Titanium eyeglass frame** – Neutral lenses that protect against splashes and particles. Prescription lenses can be integrated at any time.
7. **Soft Nose Bridge** – Comfortable fit and maximum wearing comfort.
8. **Flip-up function** – Unobstructed vision facilitates eye contact with the patient in second.

ZEISS EyeMag Light II

The powerful lighting of the EyeMag Light II maximizes illumination intensity for high detail recognition. Combined with high-quality ZEISS optics, the LED illumination provides a clear, unaltered view of tiny details and structures thanks to its close resemblance to daylight and even distribution of light.

Two powerful rechargeable battery packs can each be operated with full light intensity for approximately 4 hours. Both battery packs and a charging cradle are part of the standard delivery package and allow practically interruption-free work – 24 / 7. The compact, portable, and ergonomic design optimizes comfort for daily use across a wide range of procedures.

1. **Powerful LED light source** – Bright illumination of the entire field of view.
2. **Fully illuminated field of view** – In combination with ZEISS EyeMag smart and EyeMag Pro.
3. **Active temperature control** – Intelligently designed to protect against overheating of light source, ensuring maximum comfort for the user.
4. **Adapter** – Easy attachment to all ZEISS EyeMag medical loupes.

Best regards
