Dear Sir,

Sub : VersaVit Vitrectomy System.

We hereby confirm the VersaVit Vitrectomy System is a proprietary product of Synergetics, USA with the following special features:

The VersaVit has the following unique features:

- 27ga Vitrectomy Surgery capable with full range of accessories available in 27ga
- Easy portability
- Either mains or battery powered
- Either CO₂ cartridge or bottled gas compatible
- Unlimited fluid containment system
- Simple biopsy operations
- 25,000 hour LED light source

To the best of my knowledge these features are not available in any other equipment.

Thanking you,

Yours faithfully

Shaun Anderson
